PROFESSIONAL EXPERIENCE

Big Brane Studios - Sushi Ben: Gameplay Programmer

Savannah, GA June 2025 - September 2025 sushiben.com

- ◆ Quickly acclimated to code base in order to assist with bug fixing and final polishing.
- ◆ Reworked Stone Carving and Table Tennis minigames to be enjoyable and functional for the "PC flat" and console ports as well as VR.
- ◆ Stayed on after release to help with hotfixes and patches.

GameU - Instructor & Setup Instructor

Remote Febuary 2026 - Present game-u.com

- ◆ Taught special needs students various technical subjects ranging from Python, to C++, to Excel, to Unreal Engine.
- ◆ Served as the first face many students saw; helping to get them setup with Zoom and all other software they would use in their classes.

PROJECTS

Overgrown - Audio and Music Lead

Savannah, GA March 2025 - June 2025

- ◆ Recruited and led team of 10+ to create 100+ SFX and 20+ musical scores in under 10 weeks.
- ◆ Developed and demoed internal tools and workflows used by team.
- ◆ Won university wide award for building the dynamic music system.
- ◆ Established communications and partnerships between sound, game, and animation departments.

SCADPro X Epic Games - Development Lead

Savannah, GA January 2024 - March 2024

- ◆ Led a team of developers to create novel, music-driven game play loops with Epic's new 'Patchwork' system for UEFN.
- ◆ Learned and taught team the Verse language.
- ◆ Wrote the function library used by the team to subscribe to events from the Patchwork system.
- ◆ Worked with other team leads to implement other teams' work into the game, and to present our work to the client, Epic Games.
